REVIEW OF PALAEOBOTANY AND PALYNOLOGY

Contents Volume 89, 1995

Special Issue: Palaeozoic Palynostratigraphy of the Kingdom of Saudi Arabia (edited by B. Owens, H. Al-Tayyar, J.G.L.A. Van Der Eem and S. Al-Hajri)

Introduction 1
Foreword 3
Geology and biostratigraphy of the Late Precambrian through Palaeozoic sediments of Saudi Arabia
T.E. Stump, S. Al-Hajri and J.G.L.A. Van der Eem 5
Ordovician acritarch assemblages from central and northwestern Saudi Arabia
M. Jachowicz 19
Biostratigraphy of the Ordovician chitinozoa of northwestern Saudi Arabia
S. Al-Hajri 27
Stratigraphic and paleogeographical significance of Silurian acritarchs from Saudi Arabia
A. Le Hérissé, H. Al-Tayyar and H. van der Eem 49
Biostratigraphy and palaeogeographic affinities of Early Silurian chitinozoans from central Saudi Arabia
F. Paris, J. Verniers, S. Al-Hajri and H. Al-Tayyar 75
Silurian and Lower Emsian spores in Saudi Arabia
P. Steemans 91
Late Lower and Middle Devonian miospores from Saudi Arabia
S. Loboziak and M. Streel 105
Carboniferous miospore and pollen assemblages from the Kingdom of Saudi Arabia
G. Clayton 115
Late Westphalian palynomorphs from northern Saudi Arabia
B. Owens and N. Turner 125
The Silurian of Saudi Arabia: thermal maturity, burial history and geotectonic environment
J.E.A. Marshall 139
Prof. Dr. F.P. Jonker (1912–1995)
H. Kerp and H. van Konijnenburg-van Cittert 151
Holocene vegetation succession and degradation as responses to climatic change and human activity in the Serra de Estrela, Portugal
W.O. van der Knaap and J.F.N. van Leeuwen 153
Cuticular characters adapted to volcanic stress in a new Cretaceous cycad leaf from Patagonia, Argentina. Considerations on the stratigraphy and depositional history of the Baqueró Formation
A. Archangelsky, R.R. Andreis, S. Archangelsky and A. Artabe 213
Reexamination of the fossil fern genus *Dryopterites* Berry based on reproductive characteristics
J.E. Skog and R.J. Litwin 235
Conifers from the Puddledock locality (Potomac Group, Early Cretaceous) in eastern North America
V. Srinivasan 257
Ultrastructure and biogeography of *Balmeisporites* Cookson and Dettmann, 1958
M.E. Dettmann 287
The Carboniferous pollen organ *Potoniea*: pinnate frond organization
S. Schultka 297
Provenance of reworked palynomorphs from the Greenmoor Rock (Langsettian, Late Carboniferous) near Sheffield, England
D. McLean 305
Palynologie du Carbonifère de Nord Niger et de la plate-forme saharienne—implications stratigraphiques et paléogéographiques
R. Coquel, J. Lang and M. Yahaya 319

Namurian miospores from China and their correlation with Europe and North America
H. Zhu 335
Early Permian palynostratigraphy of the northern Heimefrontfjella mountain-range, Dronning Maud Land, Antarctica
S. Lindström 359
Late Devonian charophytes from the Witteberg Group, South Africa
R.W. Gess and N. Hiller 417
Palaeoecology of a *Donatia–Astelia* cushion bog, Magellanic Moorland–Subantarctic Evergreen Forest transition, southern Tierra del Fuego, Argentina
C.J. Heusser 429
Charcoal analysis and the history of *Pinus pinaster* (cluster pine) in Portugal
I. Figueiral 441
De l'histoire du genre *Betula* dans les Alpes Françaises du Nord
F. David and M. Barbero 455
Microscopic analysis of honeys from a coastal district of Andhra Pradesh, India
C.G.K. Ramanujam and T.P. Kalpana 469
Searching for evidence of early rice agriculture at prehistoric sites in China through phytolith analysis: an example from central China
Q. Jiang 481
Ultrastructure of Fossil Sphores and Pollen: Its Bearing and Relationships among Fossil and Living Groups, edited by M.H. Kurmann and J.A. Doyle—M.J. Farabee 487
Messel: An Insight into the History of Life and the Earth, edited by S. Schaal and W. Ziegler—D. Dilcher 487
Dasycladales: An Illustrated Monograph of a Fascinating Algal Order, by S. Berger and M.J. Kaever—R. Riding 489
The Palaeobiology of Trace Fossils, edited by S.K. Donovan—L.E. Babcock 490
Pollen Grains of Canadian Honey Plants, by C.W. Crompton and W.A. Wojtas—W. Punt 491
Erratum 493
